Occupational Certificate: Beauty Care Therapist, NQF Level 4

SAQA 121672 - Credits: 50

PURPOSE AND RATIONALE OF THE QUALIFICATION

Purpose

The purpose of this part qualification is to prepare a learner to function as a Body Care Therapist.

A Body Care Therapist provides a body care treatment in accordance with industry standards to improve a person's appearance and self-esteem.

A qualified learner will be able to:

Apply and advise on body care treatment to clients.

Set up and run a sustainable salon.

Apply and uphold OHS provisions in the salon.

A qualified learner will demonstrate the following key attributes:

Customer Care.

Communication.

Professionalism.

Reliability.

Ethical.

Rationale

The demand for Body Care Therapists is consistently on the rise in the beauty and cosmetology industry. It holds industry recognition as it directly aligns with employment opportunities. These skilled professionals offer manual body care treatment. In the twenty-first century, the skills offered by Body Care Therapists are in high demand within the beauty and cosmetology sector, reflecting the ever-increasing need for their expertise. There are no similar qualifications registered on the National Qualifications Framework.

This part qualification offers a structured framework for learners to develop essential competencies in manual skincare within the Beauty and Cosmetology industry. Successful completion of this qualification equips candidates with these crucial skills and opens doors to a myriad of job opportunities in the Beauty and Cosmetology sector. Moreover, qualified individuals have the option to establish their own businesses, thereby contributing to their communities. Body Care Therapists play a pivotal role in enhancing individuals' self-image, leading to a more positive outlook and improved performance in both the job market and society.

The beauty and cosmetology sector stands to gain significantly from the availability of skilled Body Care Therapists who can meet the diverse needs of their clientele. Competent Body Care Therapists have the potential to establish a strong local presence marked by service excellence. This part of qualification places a strong emphasis on nurturing a culture of professionalism and service excellence within the Beauty and Cosmetology industry.

The global beauty landscape is currently undergoing a transformative shift, reflecting the evolving awareness of beauty consumers' needs and desires. The beauty and cosmetology industries are in a phase of growth and development driven by factors like the rise of local beauty brands, the economic activity of the current generation, and the influence of digital technology and connectivity. Notably, the increasing impact of blogging and social media influences is playing a significant role in shaping these industries.

The typical learners are the school leavers, unemployed people, employed and self-employed people. This part qualification was developed in consultation with the relevant Professional Body in the Beauty and Cosmetology industry to secure the competency requirements. Typical occupations in which the qualifying learner will operate (if relevant) include Body Care Therapy, Temporary Hair Removal Therapy, Beauty Practice, Manual Skin Care Therapy, Eye Grooming Therapy, Makeup Consultancy and Nail Therapy. Learners qualifying for this part qualification may become Body Care Therapists, Salon Managers or Entrepreneurs.

There is collaboration with relevant stakeholders such as TVET Colleges, Private Training Providers in the Beauty and Cosmetology Industry and Practicing Beauty Therapists. Typical professions in which the qualifying learner will operate include Advance Aesthetic Therapist, Beauty Technologist, Nail Technician, Beauty Therapist and Somatologist.

DURATION OF BEAUTY THERAPIST COURSE:

A period of 6 months to complete knowledge, practical and workplace modules.

ENTRANCE REQUIREMENTS:

Gr 11 or An NQF Level 3 qualification with Mathematical Literacy.

Online learning. (Own device: phone, tablet, laptop or computer.)

WORK-INTEGRATED-LEARNING AT WORKPLACE LEARNING SITES

Knowledge, Practical and Workplace components are integrated, and all exercises or applied Practicals are occupationally directed (work tasks). All students will attend Workplace hours, at a designated workplace site in your area.

EXTERNAL COMPETENCY

On Internal Competency: Internal Statement of Results – student will register for final EISA exam (External Integrated Summative Assessment). Written twice a year at an approved assessment center.

WHAT IS EISA? It is a national exam that is meant to ensure a uniform standard for the qualification. EISA takes place twice a year in February and October. The exam is set in such a way that candidates are required to integrate knowledge, practical skills and work experience, i.e. the emphasis is on the application of what they have learned. Shiloh Training offers special additional EISA preparation at the end of the course at an additional EISA-PREP FEE of R800.00.

ON COMPETENCY ALL STUDENTS WILL RECEIVE

- A Completion Letter from Shiloh Training, on successful completion of knowledge, practical skills and workplace components.
- A Statement of Results from Shiloh Training.
- QCTO Occupational Certificate after successful completion on EISA.
